Subject: Agenda Item #4: Action: Screen New Ideas and Decide if any New Ideas Should be Recommended to the City Council for Further Study

The City Council has narrowed down the alternatives to seven (7) current alternatives for the Churchill Avenue, Meadow Drive, and Charleston Road crossings. The XCAP considered new ideas at its November 13, 2019 Special Meeting and determined a screening process to review those new ideas. Subsequent to the November 13 meeting, the XCAP Technical Working Group has reviewed the new ideas which passed initial screening and are bringing them back to the full XCAP for further discussion and screening.

Item #4 of this agenda is a discussion with possible action of the XCAP to consider whether to suggest to the City Council any additional alternatives to evaluate. The materials from the Technical Working Group that will help guide this discussion are all included in Agenda Item #3.
